

# Phonics Boost Summer Reading Program

## Who:

Struggling readers Grades 2-5 with mild-moderate reading difficulties.

---

## When:

12 one hour group intervention sessions during Summer 2015 (**dates to be announced**)

## What:

Phonics Boost is a decoding-based program which also helps students with comprehension, automaticity, and greater reading fluency. This is a small-group program (4-6 students) led by a certified speech-language pathologist.

## Where:

Siskin Center for Developmental Pediatrics (SCDP)

## How:

Speak with the front desk at SCDP or contact us at **423-490-7710** to schedule a 30 minute evaluation to determine whether this program is appropriate for your child. Children with more significant reading difficulties or children who do best with 1:1 instruction may benefit more from a more comprehensive evaluation and individual sessions with a speech-language pathologist.

## Cost:

**\$20** for initial evaluation  
**\$20** per intervention session  
one-time fee of **\$10** to cover a student workbook that your child will keep  
Total: **\$270**
