

Therapy Attendance Policy

We are happy to see your child for therapy services. Below are policies to help all therapy patients receive services in a timely manner.

1. Parents must make every effort to attend weekly and monthly therapy sessions. This will provide the most benefit for your child and improve progress.
2. Please show up for therapy sessions 10-15 minutes ahead of your scheduled time so that you will have time to fill out registration forms and will be able to receive your full therapy time. This is especially true for 30 minute sessions. Children will not receive the maximum benefit from therapy if the session is cut short due to late arrival.
3. If your child is sick or there are circumstances that prevent you from being able to attend a therapy session, **you must call or email to cancel the appointment or press the appropriate option when the automated system calls to remind you.**
4. If you simply do not show up to therapy without canceling for two consecutive sessions then **you will lose the time you currently have** and be put on a waiting list until another session opens up.

Thank you for choosing Siskin for your pediatric outpatient services. We look forward to working with your child!

Sincerely,

Therapy Staff
